

3kups battery cabinet size

Overview

Arimon offers several standard monobloc or top terminal battery cabinet sizes for 10 kVA to 125 kVA UPS systems accommodating monobloc batteries from 100 WPC (64 batteries) to 540 WPC (40 batteries) or can work with you on even larger custom battery cabinet solutions if needed. The modular battery cabinet must only be used with the Easy UPS 3S with internal batteries. Failure to follow these instructions will result in death or serious injury. Quality is ensured by utilizing standardized processes, testing and careful consideration of details, such as customer interface, proper cooling, air circulation and sizing. Arimon front access battery cabinets are designed for easy maintenance with full front access for safety.
