

Barbados Airport uses mobile energy storage container single phase

Overview

The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. The Ministry of Energy and Business is currently hosting a three-day Procurement Design Workshop with key stakeholders to discuss and. The company's urgent need for increased battery energy storage systems (BESS) is driven by the rapid growth of distributed photovoltaic (DPV) systems, which are nearing the current grid's capacity.
