

# Custom 20-foot solar container in Australia

## Overview

---

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions. AVID's solar design, installation, commissioning and monitoring services are operated by our teams of skilled engineers and qualified electricians. AVID's experience, versatility, scope of services and collaborative. Power where the grid can't go — delivered in a single, rugged container. If you have any questions about Makinex Products or would like a quote, call us or get in touch Need A Service Or Spare Parts?

Take advantage of your container roof space on-site. Container Solar modules drop.
