

Cyprus 5g base station plug box power supply

Cyprus 5g base station plug box power supply

Cyprus

Cyprus uses power plugs and sockets of type G, with a standard voltage of 230 V and a frequency of 50 Hz. If your devices are compatible with these specifications, you will not need a power adapter.

Plugs in Cyprus

Yes, plugs in Cyprus are the same as those used in the United Kingdom (UK). Therefore, electrical devices with UK plugs can be directly plugged into outlets in Cyprus without the need for an adapter.
