

Energy storage companies exporting to wellington

Overview

This list of private companies and startups in Wellington provides data on their funding history, investment activities, and acquisition trends. A-CAES can provide reliable energy security for more than 50+ years, and is poised to be a key part of the energy transition in New South Wales. As part of this transition, the A-CAES project being considered in Wellington will create hundreds of jobs, and bring hundreds of millions of dollars in. Ampyr Australia has secured a 15-year battery storage agreement with Denmark-based energy trading company InCommodities for the 300MW/600MWh Bulabul battery storage system near Wellington, New South Wales. This project not only reinforces Fluence's prominent position in the burgeoning battery storage. The Wellington Battery Energy Storage System comprise up to 6,200 pre-assembled battery enclosures with lithium-ion battery packs and associated equipment, transformers, and inverters.
