

Fast charging of outdoor cabinet for microgrid in tunnels

Overview

A mobile energy storage charging solution bypasses these constraints. With flexible deployment, rapid setup, and dual high-power charging outputs, it enables instant energy delivery to EVs in the field—whether during roadside assistance, outdoor operations, or emergency scenarios. Reusable across. Easy installation and easy operation, manage your energy distribution between renewables, AC grid, and battery. Engineered for harsh climates and demanding workloads, our outdoor battery storage cabinet delivers scalable LiFePO₄ energy storage in a rugged IP54-rated enclosure. The local control screen can perform a variety of Space-saving: using door-mounted embedded integrated air. A heavy - duty microgrid cabinet built to meet extreme power demands. It boasts a battery voltage of 832V, a grid - connected output of 330kW, and a maximum PV input of 4750A. Perfect for large solar farms.
