

# Huawei is shortlisted for centralized procurement of solar inverters

## Overview

---

China Energy Engineering Corporation (CEEC) announced the shortlisted candidates for its 2024 annual PV inverter procurement. Central SOEs account for 73GW: Huawei, TBEA, Sungrow, Sofar, Sineng, Zhuzhou Inverter, etc. lead the way! According to statistics from PV Headlines (WeChat ID: PV-2005) based on public information, from November 1 to November 30, central state-owned enterprises issued approximately 77 PV inverter. Home / Metal News / Huawei, Zhuzhou Converter, Sungrow, and four other companies have been shortlisted as candidates for the CGN 10. 5GW inverter framework centralised procurement. The project is divided into three power segments, including: Centralized PV power generation medium- and low-power inverters (5-150kW): Huawei Digital Power Technologies Co. Solar PV and Energy Efficient Air Conditioning.

## Huawei is shortlisted for centralized procurement of solar inverters

### [Sinopec's 2025 Centralised Procurement Announcement for Inverters](#)

Recently, the bid evaluation results for PV inverters in 2025 were announced. The project is divided into three power segments, including: Centralized PV power generation medium- ...

### [Huawei, Zhuzhou Converter, Sungrow, and four other companies ...](#)

Huawei, Zhuzhou Converter, Sungrow, and four other companies have been shortlisted as candidates for the CGN 10.5GW inverter framework centralised procurement.

### [Huawei, Ginlong, Sineng, Sungrow and other six companies were](#)

On December 25, the winning candidates for CGN New Energy's 2025 photovoltaic inverter equipment framework procurement were announced.

### [November PV inverter rankings! Central SOEs account for 73GW: ...](#)

On November 13, PowerChina announced the shortlisted centralized procurement for the 2025 photovoltaic inverter framework, with four bidding lots and a total procurement capacity of 51GW.
