

# Morocco 6 billion energy storage project

## Overview

---

Morocco is set to make history as the host of Africa's first battery gigafactory — a \$5. Located in Kenitra, this facility will not only supply batteries for electric vehicles (EVs) and renewable energy storage but will also. The Gotion High-Tech Gigafactory in Morocco is a landmark project that will establish Africa's first electric vehicle (EV) battery production facility, positioning Morocco as a key player in the global clean energy supply chain. 6 billion investment from China. The facility, located in Kenitra, aims to produce 20 gigawatt-hours annually by 2026, with plans to expand to 100 GWh. This choice is part of a national strategy for equipping, testing, and industrializing energy storage. Globally, the battery market is experiencing. Chinese battery giant Gotion High-Tech will invest up to 1. Officially announced today, this “gigafactory,” the first of its kind in Morocco for electric vehicles, represents an initial investment of 1.

## Morocco 6 billion energy storage project

### [Morocco to Host Africa's First Battery Gigafactory in Kenitra](#)

China's Gotion High-Tech is investing \$5.6 billion in Africa's first battery gigafactory in Kenitra, Morocco. The 2026 startup will begin at 20 GWh annually, ramp to 100 GWh, create 10,000 ...

### [Energy Storage Projects in Morocco: Powering a Sustainable Future](#)

This article explores how the country's strategic investments in battery storage, pumped hydro, and hybrid systems are reshaping its energy landscape while creating opportunities for international ...

### **Morocco Attracts Battery Giant**

Located near Casablanca, the plant will have an initial capacity of 20 gigawatt-hours (GWh), expandable to 100 GWh, bringing the total investment to 6.5 billion dollars. This project ...

### [Morocco Emerges as Continental Clean Energy Leader with Historic ...](#)

Morocco partners with Gotion in \$6.5B deal to build Africa's first battery gigafactory, reshaping EV supply chains and clean energy.

### [Morocco to host Africa's first battery gigafactory with \\$5.6 billion](#)

Morocco is set to make history as the host of Africa's first battery gigafactory, backed by a landmark \$5.6 billion investment from China. The facility, located in Kenitra, aims to produce 20

### [Morocco Advances Energy Storage with Global Call for Battery Mega ...](#)

Morocco is accelerating its energy transition by issuing a global call for expressions of interest to build two large-scale battery storage facilities. The projects are spearheaded by the ...

### [Energy storage: Morocco bets on LFP batteries to accelerate its](#)

On May 20, 2025, the Masen Agency announced a new pilot project called the "Morocco Energy Storage Testbed Project," validated by the World Bank. Deployed at the iconic Noor ...

### [All to Know About \\$6.5 Billion Morocco's Gotion Gigafactory](#)

Updated September 25, 2025- Morocco's Gotion Gigafactory Construction Project is backed by an investment of US \$6.5 billion. The battery gigafactory project will transform the North ...

### [Morocco Secures Africa's First Battery Gigafactory in USD 5.6 B Deal](#)

Backed by a USD 5.6 B investment from China's Gotion High-Tech, the project is set to transform the North African kingdom into a major supplier of batteries for electric vehicles (EVs) and ...

### [Morocco Battery Factory Boosts Africa's Role in Global Clean Energy](#)

Morocco's \$5.6 billion gigafactory is more than an investment in batteries -- it is an investment in Africa's future. By hosting the continent's first gigafactory, Morocco is signaling that ...
