

Output power 2000 kW inverter

Overview

All you need to know about the FS2000CU [400V] solar inverter including rating, cost, efficiency, and warranty terms. Exeltech's XP series power inverters provide the cleanest, best regulated sine wave output over the widest DC input of any inverter on the market today. They are extremely low in Total Distortion; specified to 2%, and typically better than 1. Inverters are critical components in converting direct current (DC) to alternating current (AC), and their application spans across various industries, especially when we discuss units with capacities as large as 2000 kW (or 2 megawatts). At this scale, inverters play a significant role in managing. Recommended max. Automotive back up power supply for televisions, small power tools, small air conditioners, home electronics and small appliances. MET approved conforms to UL and CSA standards.
