

Photovoltaic bracket tax

Overview

The federal solar energy tax credit—formally the Residential Clean Energy Credit for homeowners and the Investment Tax Credit for businesses—lets you slice 30 % off the price of qualifying solar equipment and installation, straight from your federal income tax bill. Legislative Urgency: The 30% federal solar tax credit faces elimination as early as late 2025, with the House already passing legislation to terminate residential solar incentives. 1—commonly known as the One Big Beautiful Bill. Picture a \$20,000 rooftop.
