

Photovoltaic panel construction experience sharing

Overview

The stories shared by these homeowners depict a rich tapestry of experiences with solar panels. Each journey is unique, influenced by personal motivations, financial situations, and environmental consciences. Did your experimental battery or home built inverter experience a rapid, unplanned disassembly?

Reverse polarity a \$3K inverter, and see it go up in smoke?

Share it here! Danger Zone! (Advanced User Experiments Only) New no battery pure sine wave solar power system with smart switchers. Sarah and John, a couple from Colorado, were. Spectacular image gallery showing the step-by-step construction of a large-scale photovoltaic plant with more than a million solar panels in record time, and in the heart of the desert, no less. A solar-panel complex was completed a few months ago in the Sonoran Desert in Mexico.
