

# Price per unit of 50kW folding container for wastewater treatment plants

## Overview

---

Standard Package Wastewater Treatment Plants typically range from \$20,000 to \$400,000+ depending on capacity and technology. Note: Prices are equipment only; civil works, installation, and shipping are additional. As a modular solution, it is easily transportable by land or sea, with minimal onsite installation required. A complete range of process steps including. A PWTP is a pre-assembled, compact system designed for rapid deployment and reliable operation. Unlike traditional onsite wastewater plants that require extensive civil construction, packaged plants come as modular units—often containerized or skid-mounted—allowing for faster installation, lower. Containerized wastewater treatment systems are widely used in wastewater treatment projects with limited space, or in remote and temporary locations due to their compact structure and rapid deployment capabilities.
