

Purestorage ii battery 5kWh review

Overview

The PureStorage II battery is a Hi-Rate 5Kwh LiFePo4 battery which will maximise your solar energy and carbon savings. It uses the safest and highest performing lithium-iron-phosphate battery cells, with 1C operation, 10,000 cycles and a high charge and discharge rate capability. Incorporating a modular design and allowing 5x 5kWh batteries. Puredrive offers both AC and DC-coupled battery solutions, making them a suitable addition to both new and existing solar panel installations.

Purestorage ii battery 5kWh review

Puredrive 5kWh Battery Module

The PureStorage II Battery is a 5kWh battery module from Puredrive Energy. It uses the safest and highest performing lithium-iron-phosphate battery cells, with 1C operation, 10,000 cycles and a high ...

PUREDRIVE Hybrid DC Coupled Battery 5kW

Its LiFePo4 50V 200Ah battery technology ensures longevity with an impressive 10,000 cycles. The elegant yet robust design of the PureStorage II DC 5kWh battery is IP65 rated, making it suitable for ...

Home Battery

Avoid those nightmare compatibility problems between home battery and EV charging that we have all read about. Our fully smart APP automatically manages all of your renewable home products for ...
