

# Request quote for buy solar energy storage cabinet with battery included

## Overview

---

Simply fill out the form below, and our expert team will reach out within 24 hours with a tailored ESS cabinet solution and an initial quotation based on your specific requirements. Answer a few questions so we can see if PWRcell 2 is available in your area and connect you with an independent installer who can provide a custom quote. What's your contact info?

By checking this box, you grant Generac permission to contact you about your power storage needs. Switch to stored. Request a quote today. Fully automated production ensures durability and performance. Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection. One of our recent projects with a leading U. Our client, a reputable solar engineering service. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. Constructed with long-lasting materials and sophisticated technologies inside.
