

Selling demolished photovoltaic panels

Overview

We take care of everything: Pickup of your used solar panels, technical inspection, legally compliant processing, and a fair market offer for your decommissioned modules. Most panels retain 80-90% of their original efficiency after 10 years, making them attractive alternatives to new equipment that can cost \$2. eBay Best for: Individual panels or small systems with detailed specifications. com Facebook Marketplace Best for: Quick local. Yet, progress achieved can be negatively offset by used solar panels flowing into landfills. Ask any PV professional, and they will assure you that it is not their intention to contribute to e-waste. We help to recoup some cash or try to offset costs of shipping and handling by buying your excess new and used solar panels and equipment and providing it with a. Local Liquidators is a team of energy & solar liquidators, auctioneers, marketing experts and other industry professionals all working together to design custom energy equipment liquidations for our clients.
