

Serbia Huijue Battery Energy Storage

Overview

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, and eco-friendliness. Huijue Group's energy storage solutions (30 kWh to 30 MWh) cover cost management, backup power, and microgrids. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. Serbia is taking a significant step forward in modernizing its energy infrastructure. The Serbian government has called for the development of a spatial plan for six large-scale solar plants with a cumulative capacity of 1 GW that will be colocated with two-hour battery energy. An implementation agreement is in place between Serbia's Ministry of Mining and Energy, utility company Elektroprivreda Srbije (EPS) and a consortium of Hyundai Engineering and UGT Renewables for six new solar plants totalling 1 GW. Up to 200 MW of battery storage will be developed across the.
