Overview

Large TV cabinets offer stylish storage and support for living rooms, while medium-sized cabinets work well in both living rooms and bedrooms. Recommended TV sizes vary based on the cabinet size: 65-inch cabinet - 70-73 inches, larger cabinets - TV size. A well-designed TV cabinet that you can either place the TV on or use to frame a wall mounted TV can serve as a gorgeous focal point for your living room. It can also be used to segregate the living room and dining areas. Consider TV's diagonal screen size (in inches) as a general guide for. Use our guide to compare your TV's size to our media cabinet sizes and find your perfect fit. Proper dimensions ensure that the cabinet complements the room's layout, enhances usability, and aligns with the overall design vision. Modern TV units aren't just stands – they're storage solutions. If you're eyeing a unit with drawers, shelves, or cable management systems, factor in extra space for opening doors and accessing storage.
