

Solar energy companies athens

Overview

These companies offer a range of services such as installation, maintenance, and consultation for solar power systems. Greece has transformed into one of Europe's most dynamic solar energy markets, with the government targeting 61% renewable energy by 2030. The country's exceptional solar resources - boasting 2,500-3,000 annual sunshine hours - combined with progressive policies have attracted significant. Chroma Energy Group delivers cutting-edge renewable energy solutions in Athens, specializing in commercial solar installation, utility-scale solar, government solar projects, EV charging stations, and solar operations and maintenance. The country's favourable policies and sunny climate render it an ideal location for the development.
