

Solar glass blocks

Solar glass blocks

Explore Our Energy Glass Block Lineup

Among the various glass blocks designed for energy performance, four models in particular stand out for their exceptional U-values, solar control, and design flexibility.

[Solarvolt Photovoltaic Glass System , Vitro Architectural Glass](#)

The Solarvolt BIPV glass system replaces traditional façade cladding materials and enhances commercial building exteriors by providing sunshading, overhead glazing, CO2-free power ...

[Video: Solar glass blocks generate electricity while insulating](#)

A collaboration between University of Exeter scientists and a local business has resulted in a glass block product that harnesses the power of the sun. Solar Squared glass blocks can generate ...

Sustainable Building , Seves Glassblock

With its energy-saving, self-cleaning and solar reflective characteristics, glass block is the best solution for sustainable building projects.

[Solar Powered LED Photovoltaic Pavers , Buffalo Glass Block](#)

Seves transforms the already eco-friendly glass block into a new building instrument, ideal for accenting exterior application and landscaping projects. Illuminate walkways, pool areas, patios, decorative ...

[Photovoltaic Solar Powered Lights - Quality Glass Block](#)

Also known as Photovoltaic Sun Powered Illumination lights, these eco-friendly glass blocks serve as innovative building materials and are ideal for illuminating outdoor spaces while saving energy.

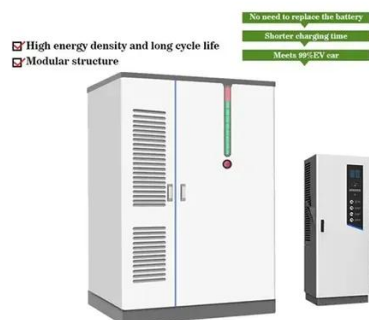

[LampLust Glass Solar Brick with LED Lights](#)

Our LED technology offers a wide range of options, from lifelike flameless candles to solar-powered outdoor lighting. Our designs will enhance your home decor in a trendy way that is both visually appealing and energy ...

[Solar Squared: A Glass Block That Generates Electricity](#)

Renewable energy experts from the University of Exeter in England have developed a glass block with built-in solar cells. The idea is that with the spread of technology, it is possible to

Photovoltaic Glass , Seves Glassblock

Photovoltaic transforms the already eco-friendly glass block into a new building material, ideal for lighting exterior applications while conserving energy.

Solar Lights Glass Blocks

Solar lights glass blocks are decorative and functional elements that combine the beauty of glass blocks with the practicality of solar-powered lighting. These blocks harness sunlight to power built-in LED ...
