

Solar panel U-shaped pressure plate size

Overview

. Unlimited solar potential. Size of solar panel: Any size as customized Pcs of solar panel per module: 2pcs,4pcs,6pcs,8pcs,12pcs,20pcs Module size: Any size as customized String size: Any size as customized Engineering specifications: Installation Site: ground, Flat / Tilt roof, Tile roof, Vitreous tile, any suitable area. 3 Product quality. The U-shaped bolts of photovoltaic panels are usually composed of U-shaped brackets and bolts. One end of the U-shaped bracket has a circular opening, which is used to pass through the crossbeam or column of the photovoltaic panel bracket; The other end is connected to the square base through. These U-bolts are compatible with various solar panel systems, making them versatile and adaptable to different setups. Each package includes 4 square U-bolts, 8 frame plates, and 8 hexagon nuts, providing you with all the necessary components for a hassle-free installation. It is made of high-strength material and is galvanized to prevent corrosion. Our system can handle ny of your solar inst .
