

St Kitts and Nevis Mobile Energy Storage Site Inverter Project

Overview

The Project, scheduled for completion in 2025, will provide Saint Kitts with 35.6 MWh of battery storage for the delivery of clean, renewable, and reliable energy for 25 years. (Press Secretary): The Government of Saint Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have executed an Amended Power Purchase Agreement (PPA) with project developer SOLEC Power Ltd for the largest solar PV and battery energy storage project in the Caribbean. Backup Power Energy Storage System by Kevon Bowne St. Kitts and Nevis (WINN)—During the Prime Minister's Press Conference on March 6, 2025, Hon. Kitts and Nevis and YVERDON-LES-BAINS, Switzerland, 4th December, 2023 - Leclanché SA, one of the world's leading energy storage companies, will. The project is expected to supply about 30 percent of the country's annual electricity production once commissioned. The solar electricity project is being carried out in partnership with Castalia Advisors, a leading consultancy in the field.

St Kitts and Nevis Mobile Energy Storage Site Inverter Project

Platinum Developments Implements First Fully Integrated Solar, Storage

The project integrates Jinko Solar panels with Sigenergy batteries, inverters, and EV chargers, delivering around-the-clock reliability. The project also demonstrates an innovative use of Ford's F ...
