

Victoria 110kW quality inverter price

Overview

Call AI Energy Shop for more information, pricing, and availability. Designed for the Australian commercial market, the Sungrow SG3110CX is a high-capacity three phase 110kW DC inverter packed with industry-leading technology. Ordered some batteries via the online store and had great customer. The Sungrow CX series are transformerless, string inverters with wide MPPT voltage ranges, specifically designed for large-scale installations where maximum solar value is required. This range offers a variety of sizes to allow for complete system customisation. All inverters include a WIFI dongle. It has 12 MPPTs for high efficiency (up to 98.5%) and works well with high-power solar panels over 500W+.
