

What to do if the site energy battery cabinet is out of power

Overview

Verify the PWRcell battery cabinet is in the On position. See the [How do I power cycle my PWRcell system?](#)

article for steps to complete this task. They convert the energy stored in batteries into usable electricity for your home, ensuring efficiency, safety, and uninterrupted power. Whether you're dealing with power interruptions, error messages, or unexpected. Read the manual thoroughly and understand all of the instructions, cautions, and warnings before using this equipment. If any section of the manual is not understood, contact your nearest authorized dealer, or contact Generac Customer Service at 1-888-436-3722 (1-888-GENERAC), or with any questions. It's one of the most frustrating moments of off-grid living: you need power, and your power station is flashing a confusing error code like "OVERLOAD" or "TEMP", or it just shut off completely. Power down non-essential devices, 4.
